

COMPSTALL NATURE RESERVE

Access: The reserve is open to Cheshire Wildlife Trust members at all times. Access to the bird hide is also available to non-members (permits are available from the Country Park Ranger's Office at the car park).

Location: The reserve is classified as a SSSI and it covers approximately 38 acres (15.4ha). The site lies north east of the village of Compstall, within the Etherow Country Park (O.S. Grid Ref.: SJ974915).

Habitat Summary: This SSSI contains a variety of habitats including open water, tall fen, reed swamp, carr and mixed deciduous woodland on the slopes above the River Etherow. It is of considerable ornithological interest.

Do not forget to submit your records via the link on the CWT website reserves page.
